## ANNUAL REPORT

### **General**

The Committee of Management of the Royal Hampshire County Hospital has pleasure in presenting the 209th Annual Report of the state of the Hospital.

The year 1946 saw the National Health Service Bill receive the Royal assent and, on the "appointed day," which to the best of our knowledge will be April 1st, 1948, our Voluntary Hospitals will become the responsibility of the State and thus will close more than 800 years of voluntary service to mankind.

Thanks largely to the work of the British Hospitals Association the Act is very different in many respects from the Bill, and a fear expressed by many that the interests of the patients were likely to become of second consideration has been largely overcome. Other questions which caused alarm related to the proposed confiscation of endowments and funds and the general scheme of administration which did not allow any freedom to individual hospitals in the internal management or conduct of their affairs. So strongly did the Court of Governors feel on these two questions that a petition was organised early in the year, and on May 26th this was handed to our Member of Parliament, Mr. J. G. Jeger, after being signed by over 12,000 Constituents.

Happily the Bill was amended; the Endowment funds already in the hands of the non-teaching hospitals will now be transferred to a national pool to form a discretionary fund and re-distributed. This re-allocation will, however, occur once only. The Minister will, in future, secure so far as reasonably practicable, that the objects of the endowment and the observance of any conditions attached thereto, this includes any particular conditions intended to preserve the memory of any person or class of persons, are not prejudiced.

The Act also provides that gifts made after 6th November, 1946, will not be pooled, but transferred to the new Committees of Management providing they are made upon trusts which provide (a) for the administration of the property (i.e., gifts) as a capital fund separate from the general funds of the hospital; or (b) for the application of the property (i.e., gifts) for some specific object distinct from the general purposes of the hospital and involving expenditure of a capital nature. The new

Management Committees will also be allowed to receive gifts and legacies of money or property and to administer such gifts. It will be unnecessary, of course, to make gifts for general maintenance as this will be paid for by the State, but there will always be need for money for additional comforts for patients and for medical research and science.

The Management Committees of individual Hospitals are now to have legal corporate entity and are charged with the duty of controlling and managing their own hospitals.

### Personal

During the year the Hospital has suffered severe loss by the death of several sincere friends who, for many years, have taken a real interest in our work.

In November we were shocked and saddened by the sudden and untimely death of Captain G. G. Petherick, for six years Honorary Treasurer to the Hospital. During the difficult war years, and in spite of his manifold activities, he found time to give the hospital the benefit of his extensive experience and knowledge of finance in the not easy post of Treasurer. His kindness, courtesy and quiet dignity were apparent to all who knew him, and he will be greatly missed by his friends and colleagues at the hospital.

In December the Hospital lost a very old and valued friend by the death of the Countess of Northbrook, who was first elected a member of the Committee of Management in 1911 at the time when her husband was appointed Chairman of the Court of Governors. She was elected to the Nursing Committee in 1912 and was a member at the time of her death. On the death of the Earl of Northbrook in 1929 the Countess was elected to take his place as Chairman of the Court of Governors, a position she held until 1939. She was solely responsible for collecting the funds to build the new Children's Block, which was opened in 1932 as a Memorial to her husband; she took a vital interest in the building of the Nightingale Nurses Home and the new Out-Patient Department, but she will also be remembered for her small and comparatively unknown kindnesses to the hospital—her constant supply of fruit and flowers to both patients and staff, and her personal interest in everything affecting the welfare of the Nurses. As a permanent reminder of the service which both Lord and Lady Northbrook gave so generously we were pleased to receive portraits of both of them which have been hung in the Board Room. It is intended to erect a Memorial Plaque in the Main Hall of the Hospital.

We also report with regret the death of Mr. V. T. Thompson, Major L. H. Branson and the Rev. Lionel Corbett, all of whom were interested and generous benefactors of the Hospital.

In August, Mr. E. L. Scammell, Hospital Engineer for 27 years, died after a short illness in Ward 3. He was a loyal and trusty servant and gave devoted service to the hospital. He died as he would have wished, while still serving the Institution to which he had given so many years of his life.

It was with very real regret that the Committee received Admiral Sir Arthur Waistell's decision to relinquish the position of Chairman of the Committee of Management which he held with distinction and to the very great benefit of the Hospital for 10 difficult years. Fortunately we have been able to persuade Sir Arthur to remain a Member of the Committee of Management and of the House and Finance Sub-Committees where his valuable experience is still at our service.

The Committee elected Brigadier-General M. Kemp-Welch to fill the arduous post of Chairman.

In order to relieve Captain Petherick of some of his responsibilities as Treasurer of the Hospital, Major N. R. Harvey was appointed Deputy Honorary Treasurer, and to him our grateful thanks are due for the able manner in which he has carried out the onerous duties of Treasurer since the death of Captain Petherick to which reference has already been made.

Mention was made in last year's report of the resignation of Mr. F. R. Reeves, and this opportunity is taken of welcoming to the staff of the Hospital as Accountant, Mr. W. T. James, who has already proved his worth.

Mr. W. B. Fraser has been appointed Chief Engineer, and comes to us with considerable experience in Hospital engineering gained at the Royal Masonic Hospital and the Peterborough Memorial Hospital.

### **Medical Staff**

As foreshadowed in the last Annual Report it has been necessary to make additional appointments to the Honorary Medical staff, and we are pleased to welcome the following members :—

*Honorary Assistant Surgeons:*

Mr. J. Rubin, B.A., M.B., B.S. (Cape Town), F.R.C.S.E.

Mr. P. W. Ingram, B.A., M.B., Ch.B., F.R.C.S.E.

*Honorary Radiologist:*

Dr. R. I. Roberts, M.R.C.S. (Eng.), L.R.C.P. (Lond.), A.D.M.R. (Lond.).

*Honorary Orthopaedic Surgeon:*

Mr. G. N. Golden, F.R.C.S. (Eng.).

*Honorary Psychiatrist:*

Dr. W. Lindesay Neustatter, M.D., B.Sc., M.R.C.P.

*Honorary Assistant E.N.T. Surgeon:*

Mr. G. S. Midgley, D.L.O., M.R.C.S. (Eng.).

*Paediatrician:*

Dr. G. Ormiston, M.D., M.R.C.P. (joint appointment with Southampton Children's Hospital).

*Dermatologist:*

Dr. A. S. Hall, B.Sc., M.D. (joint appointment with the General Infirmary, Salisbury).

Within the next few months it is hoped to appoint a Rehabilitation Officer jointly with the General Infirmary at Salisbury.

Before the meeting of the Committee of Management on March 6th a pleasant little ceremony took place when, on behalf of all the Members, Mrs. Murray handed to Dr. Jagger a cheque as a mark of appreciation and gratitude on his retirement after 27 years' service as Honorary Radiologist.

In spite of repeated applications for deferment, Dr. Robertson and Mr. Rubin were both called up for service with H.M. Forces and expect to be away from the Hospital for about two years. Dr. Meller and Dr. Todd, Honorary Assistant Physicians on the staff of the Royal South Hants and Southampton Hospital, are carrying on Dr. Robertson's work in his absence.

We again pay tribute to the loyalty and work of the medical staff of the hospital during this difficult time of transition.

Post-Graduate Courses are still being arranged under the auspices of the Post-Graduate Medical Education Committee of Oxford University, and the attendance at the clinical evenings confirms that these Courses are fulfilling a useful purpose. Over a period of 12 months more than 20 young doctors have taken advantage of the Post-Graduate Resident Courses and 17 the Obstetric Refresher Course.

During the Summer vacation medical students were accepted from Scottish Universities.

### **Work of the Hospital**

During the year the nominal number of beds in the Hospital has been further reduced from the war-time peak of 502. By

agreement with the County Council and the Ministry of Health a surgical ward—Bartlett—has been sacrificed to make room for the extended Maternity Department. While this has provided a few more beds for maternity cases, it has reduced the total number of available surgical beds. Slight reductions in the nominal bed states in other wards have been made to ease the work of the nursing staff. Wards have also been closed for varying periods to permit of structural alterations and much needed re-decoration and repair. In view of the shortage of nursing staff it is not possible to state when the full bed complement will be available again. As will be seen from the statistical tables 571 fewer patients were admitted than in 1945 due to the above causes.

An increase in the number of casualties as out-patients has contributed towards the larger number of out-patients treated in 1946 as compared with 1945. This has also contributed to the total number of attendances at the out-patient department which increased to 57,975 in the year.

Fuller details of the work of the Hospital will be found on Page 26.

The Waiting List is still a source of anxiety and patients are kept waiting for admission far longer than we would wish; unfortunately the actual number shows an increase of 83 as compared with a year ago.

By an extension of the Appointment System for Out-Patients it is hoped to improve the facilities in that Department, but it is only with the co-operation of the Medical, Nursing and Administrative staffs as well as the General Practitioners and the patients themselves that such a system can be successful.

### **Patients' League**

Under the able Chairmanship of Mr. S. A. Weller, the Patients' League are providing bed tables for the wards and more comfortable chairs for the Out-Patient Department. Both these gifts are most gratefully received and will add to the comfort of the patients.

### **Maternity Department**

During the year 1946 work has been progressing very favourably on the new Maternity Unit of 40 beds and 26 cots. This Unit is designed to take the whole of the first floor of the main building. The first half has been completed and patients already admitted. It is hoped that the Unit will be ready for an Official Opening in the Spring.

### Nurses' Accommodation

The Planning Committee have approved final plans for the extension of the Nightingale Home providing for a Sisters' Dining Room, a Warden's Flat, 84 additional bed-sitting rooms and other amenities. To obtain this accommodation it will be necessary to add two small wings and two complete floors to the existing building, the cost of these alterations being estimated at, approximately, £33,000. The plans have been submitted to the Ministry of Health, and, if approved, we hope to obtain the necessary permission to build in the not too distant future.

The Appeals Committee have raised sufficient money to provide an Open-Air Swimming Pool for the nursing staff, and when the exact position of the proposed extensions to the Nightingale Home have been approved it is hoped to commence work on this Pool immediately.

After a period of nearly six years the accommodation rented for the nurses at Lainston House has been relinquished, and at a meeting of the Court of Governors held in June the Chairman expressed appreciation of the public spirited manner in which Mr. and Mrs. Craig Harvey had made this accommodation available.

### Nursing Staff

At the end of the year the number of the Nursing Staff was 154 as compared with 171 the previous year. This is naturally causing very grave anxiety not only to Matron but to the members of the Committee, and in an endeavour to help the situation a Nursing Recruitment Campaign is being held in Central Hampshire in May and June. The Committee again express their thanks to Matron for the way in which she has carried on under most trying conditions, the difficulty of overcoming the shortage of nurses being aggravated by the serious shortage of domestic staff.

Miss N. G. Trahearne, Second Assistant Matron, left during the year to take a post as First Assistant Matron at the Coventry and Warwickshire Hospital, and Miss P. Whitmarsh succeeded her as Second Assistant Matron here.

Miss G. Treble, Superintendent Radiographer, and Miss B. Agar, Night Superintendent, were in the Victory Parade on 8th June, 1946.

Miss I. Parnell, Ward Sister, left to take the Sister Tutor Course at King's College of Household and Social Science, University of London.

Miss M. Proctor, Assistant Tutor, left to take a Post as Matron in Transjordania.

We were sorry to receive notification that Miss A. J. Hervey-Murray, 1934-1938, was killed in action at sea on 14th February, 1942, in S.S. Kuala off Singapore.

On St. Luke's Day the 210th Anniversary of the Foundation of the Hospital was celebrated. A Thanksgiving Service was held in the Chapel at which the address was given by The Lord Bishop of Winchester. This was followed by a Reunion of Nurses and the presentation of medals, certificates, badges and prizes by the Hon. Lady Cooper in the Nightingale Home.

Gold Medallist .....	Miss C. E. Hudson
Silver Medallist .....	Miss J. Freemantle
Bronze Medallist .....	Miss M. A. T. Neal

### **Extensions, Additions and Alterations**

In spite of the many and increased difficulties of obtaining material, labour and permits, plans are going ahead for altering, extending and building in many parts of the Hospital. In addition to the Nurses Home and the Maternity Unit much consideration has been given to the X-Ray Department and the provision of new kitchens and dining-rooms; many articles of new equipment have been on order for many months for the X-Ray Department and the kitchens.

The Out-Patient Department is sadly overcrowded, especially as so many new Clinics have been added, and already the Medical Committee have asked that urgent consideration might be given to the possibility of providing a completely new building; an additional operating theatre and plaster room have also become an urgent necessity.

Arrangements are in hand for converting the present boilers to oil-fuel, and when this has been accomplished and the new Weir Feed Pump installed, the boiler house should be more efficient and up-to-date.

The Committee recently purchased two houses—Culduthel in Links Road and Highcroft in Romsey Road. The first is to be converted into five flats for the use of members of the several staffs and the second as a Hostel for patients who are unable to travel home between X-Ray examinations or other tests or who are waiting for the result of such tests and by this means it is hoped to release beds in the Hospital.

The need for a Convalescent Home is still acute, and in spite of continuous negotiations and searching it has been impossible to find suitable accommodation. The possibility of erecting huts in the grounds of Highcroft for this purpose is now being considered.

Meantime, as a long term policy, the Planning Committee are considering plans for eventually building a completely new, modern and up-to-date hospital, possibly on the site immediately south of the present building—a dream which we fear will not be realised for many years.

### **Appeals Committee**

We are grateful to Mr. Churches and his Committee for their continued efforts during the past year, and no doubt the alterations to the National Health Service Bill mentioned on the first page of this report with regard to finance will be an encouragement to them to continue the work they have done so successfully in the past.

### **Farms and Gardens**

After many difficulties the farms and gardens have been reorganised and, with the appointment of Mr. C. Hill as Farm Manager and with the inestimable help of Mr. Rowsell, Mr. Gray, Mr. Yates and Mr. Ibbett who form our Advisory Committee, we are looking forward to a good season and a plentiful supply of vegetables, fruit and eggs for the patients and staffs.

### **Conclusion**

Finally, the Committee offer grateful thanks to innumerable friends who have given such generous help to the Hospital; to subscribers who have kept up their subscriptions in spite of the uncertainty of the future; to the Linen Guild, the Organisers of the Patients Library, the Mending Party, the Voluntary Handicraft workers, to the Blood Donors and the many others who in quiet and unobtrusive ways have helped in the work we are trying to do. Whatever may be the effect of the National Health Service Act our first thought must be the welfare and well being of the patients, and to this end we still look to these many kindly people for their continued help and encouragement which we are sure will be forthcoming.

M. KEMP-WELCH,  
For the Committee of Management.

## TREASURER'S REPORT

The first full post-war year was bound to reflect itself in the Hospital's finances. There was an inevitable leeway to be made up in connexion with the equipment, plant and buildings. Such renewals and replacements cannot be postponed indefinitely. The position was aggravated too by rising prices. Additionally there were very substantial increases in salaries and wages as the result of the adoption of the various nationally negotiated wages. It is not surprising therefore that the accounts for 1946 reveal the heavy deficit of £59,550, income amounting to £79,264 and expenditure £138,814.

It will be appreciated that, after a careful survey of the accounts appearing on the following pages, the very considerable expenditure increases are largely due to circumstances beyond the control of the management.

It is clear therefore that between now and the appointed day we must spare no effort to maintain and, if possible, to increase the voluntary income from its present level. To this end we appeal to all who have so willingly and generously supported the Hospital in the past to redouble their efforts in the coming year. We appeal also to new friends for their support so that the care, welfare and treatment of the patients may be assured. There will be ample scope for voluntary effort even after the Ministry assumes control.

In conclusion we express our thanks to all who during the past year, despite the difficulties of the times, have helped to maintain the high traditions of this Hospital.

N. R. HARVEY,  
Deputy Hon. Treasurer.

## Annual General Court of Governors

Report of the Annual General Court of Governors held at the Hospital on the 31st March, 1947. Present:—

Sir George Cooper, Bart., in the Chair; Mr. W. Baker, Dr. R. H. Balfour Barrow, Mr. W. H. Carpenter, the Hon. Lady Cooper, Mr. F. H. Ellis, Mr. P. Goodyear, Major N. R. Harvey, Mr. T. N. Holdaway, Brig.-General M. Kemp-Welch, Colonel W. E. C. Lunn-Rockliffe, His Worship the Mayor, Mr. A. W. O'Neill, Lady Tichborne, Miss Urmson, Mr. W. J. G. Winn.

In attendance:—

The Superintendent and Secretary, the Assistant Secretary, the Matron, the Accountant.

The Secretary read the notice convening the Meeting and intimated apologies for absence from: Mr. J. W. Austin, Mrs. Brooker, the Very Rev. Dr. E. G. Selwyn, Mr. R. J. Nash, Mrs. Vesey-FitzGerald.

The Minute of the last Court held on the 18th December, 1946, was read, approved and signed.

The Chairman welcomed the Mayor, Alderman C. H. Bones, on his first attendance at this Court. He also welcomed Lady Tichborne who had recently become a member of the Committee of Management.

The Chairman reported that after careful consideration it had been decided to erect a Memorial Plaque to the late Countess of Northbrook in the main hall of the Hospital and that a sketch of the proposed tablet had been made by Mr. Eric Sharpe and sent to the family for their approval. The Chairman also drew attention to the portraits of Lord and Lady Northbrook now hanging in the Board Room.

In his address Sir George Cooper referred to the progress of the National Health Service Act and reported upon a memorandum published by the British Hospitals Association with regard to the legal position of gifts to hospitals under the Act. He informed the Court it was anticipated that the composition of the Regional Boards would be announced within the next few weeks. The Regional Board for this area would probably have its headquarters in London. It was not yet known how many hospitals would be under the control of one Hospital Management Committee, but existing Committees would be asked to submit nominations for these new Hospital Management Committees.

The Chairman also reported progress with the organisation of a Nursing Recruitment Campaign to be held in mid-Hampshire from the 26th May to the 21st June.

The Blood Transfusion Service, run so efficiently during the war by Dr. Wrigley, had now been taken over by the Ministry of Health.

Sir George expressed gratitude to General Kemp-Welch, who had been elected Chairman of the Committee of Management a year ago, for all the work he had done and for the vast store of administrative experience and wisdom which he had brought to bear on his work.

The Superintendent, Mr. R. Morrison Smith, had completed his first year of office, and Sir George expressed appreciation of the valuable experience he had brought to the difficult duties of this office and extended the thanks of the Court to him for the amount of work he had undertaken during the year.

General Kemp-Welch presented the Annual Report on the state of the Hospital during the year ended 31st December, 1946, which, with one slight amendment on page 9, was approved, and adopted.

Major Harvey presented the Statement of Accounts and Balance Sheet for the year ended 31st December, 1946, which were approved and adopted.

It was moved by General Kemp-Welch, seconded by Mr. Carpenter and supported by the Mayor and unanimously agreed :—

That Sir George Cooper, Bart., be elected Chairman of the Court of Governors for the ensuing year.

Sir George, in accepting re-election, thanked the members of the Court, the Committees and the several Staffs for their co-operation.

It was proposed by Sir George Cooper, seconded and resolved :—

That Major N. R. Harvey be elected Honorary Treasurer for the ensuing year.

It was resolved:—

That the following 12 Governors be elected to serve on the Committee of Management for the year 1947-1948:—

Mr. W. Baker.	Mr. R. Knox.
Mr. A. L. Bowker.	Mrs. Murray.
Mr. W. H. Carpenter.	The Very Rev. Dr. E. G. Selwyn
Mr. F. H. Ellis.	Miss Urmson.
Major N. R. Harvey.	Major W. G. Wilson.
General M. Kemp-Welch.	General F. G. Willan.

It was resolved:—

That the following six Governors be elected to serve on the Committee of Election for the year 1947-1948:—

Mr. W. Baker.	Major N. R. Harvey.
Miss C. Freshfield.	Mrs. Mottram Hewett.
Mr. P. Goodyear.	General F. G. Willan.

It was moved, seconded, and resolved:—

That Mr. A. J. Whitington, F.C.A., be elected Auditor for the ensuing year.

In view of the generous benefactions which were received from her late husband, it was resolved:—

That under Statute IV, para 4, Mrs. V. T. Thompson be elected an Honorary Life Governor.

Mr. Baker asked the Court to record its grateful thanks to Sir George Cooper, particularly for the way in which he has carried through the business of the Hospital during the past year; very few members could realise the time and thought which Sir George gave to this Hospital. This was seconded by Mr. Carpenter and carried with acclamation.

Extracted from the records by R. MORRISON SMITH,  
Secretary.

I have audited the above Balance Sheet with the Books and Vouchers of the Hospital. I have verified the Bank Balances and have examined the Securities or have seen certificates from the Charity Commissioners or Bankers as to their custody.

I have examined the deeds of the Land and Buildings belonging to the Hospital.

In my opinion such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hospital's affairs, according to the best of my information and the explanations given to me and as shewn by the books of the Hospital.

## Winchester County Hospital Linen Guild

*The Object of the Guild is the supply of Linen and Garments by the Women of Hampshire to their County Hospital.*

President: THE COUNTESS OF NORTHBROOK.

Executive Committee, 1945-46.

The LADY TEMPLEMORE  
Miss FRESHFIELD  
Mrs. RICHARDSON  
Mrs. PECK

Mrs. SHINGLETON  
The MATRON  
The HON. SECRETARY  
The HON. TREASURER

Hon. Treasurer:

Miss IVER TINDALL, Woodlands, Hookwood Lane, Ampfield.

Hon. Secretary and Pattern Secretary:

Miss URMSON, Monk's Hatch, Chilbolton Avenue, Winchester.

### Report 1945-1946

THE Linen Guild for 1945-46 again sent in a very creditable number of articles, viz., 3,043, a figure slightly lower than in the previous year, but all the more satisfactory in that many of the war-time Work Parties had been broken up, and these, especially that at the Abbey House, gave much assistance to the Guild; the most pleasing feature during this past year has been the large donations of money, while the subscriptions have kept on much the same level.

A strong appeal is made to all Vice-Presidents to do their utmost to keep up the reputation of the Guild until the Health Act comes into force in April, 1948. It is felt that in the future the Needlework Section of the Guild will still be needed if the interests of patients and nurses are to be considered, for the Guild makes up many items which are, and always have been, unobtainable in shops—"Helpless Cases" Gowns, and Head-Flannels, to give but two instances. In this manner it will still be possible to maintain the voluntary help and interest in our own Hospital which the Ministry of Health also wish to preserve.

It is with great regret that the Guild specially mentions the death of Mrs. Dutton; she was President for Bramdean for very many years, and when the War broke out she again undertook the work for its duration: her place has been taken by her daughter—Miss Dutton.

#### VICE-PRESIDENTS RESIGNED
